DICKINSON'S QUICK - SELLING BRANDS of LAWN GRASS SEED

«EVERGREEN»

The leading brand of lawn grass throughout a large part of the country, a good standard quality for all purposes. Contains nothing but recleaned, true turf grasses and a small percentage of White Clover. This is a particularly attractive brand for the dealer in the average neighborhood, as it may be sold at a moderate price with a nice margin of profit and always gives satisfaction. Packed in one pound lithographed cartons, 50 to a case; in 5 pound cotton bags, 10 or 20 to a bale; and 100 pound burlap bags.

«CLUB GREEN»

A heavy, high grade blend of selected native and imported turf grasses which does not contain any White Clover. Designed for trade that want something better than average quality. "Club Green" brand makes a very fine durable lawn. Packed in same sizes as "Evergreen".

«GLOBE»

An extra-heavy, super-fine blend of fancy lawn grass that will meet the most exacting demands of the highest class of fine home and private estate trade. "Globe" brand is made for the dealer who wants the best obtainable. Ingredients and proportion are as close to the ideal lawn mixture as it is possible to make them. Commands a high price wherever offered. Contains no White Clover. Packing same as "Evergreen".

«SHADY SPOT»

For places shaded by trees, shrubbery and buildings a special blend of grasses is usually required to make a good, durable turf. "Shady Spot" is composed of grasses, largely of the fancy imported varieties, which give the best results under such conditions, and can be highly recommended. Packed in the same sizes as "Evergreen".
